Number of 96- gallon recycle carts requested: \_\_\_\_\_

I, \_\_\_\_\_, want to START / TERMINATE (*Circle One*) trash and/or recycling service in the City of Landrum. I understand that the cost of residential trash pickup is \$17.50 for 1 trash cart & 1 recycle cart, or \$13.50 for 1 trash cart only, no recycle. The amount will appear on your monthly Spartanburg Water Bill. I understand that there are no refunds granted for missed pick-ups or partial billing cycle service. City trash pickup only includes bagged household or your business trash only. Should I choose to discontinue/start service; I must contact City Hall to make the request in writing as soon as is applicable. If I choose to discontinue service, I am responsible for disposing of all trash.
