Re: **WORK SESSION ITEM 2** – Update on GFL Contract

We have had further discussion and negotiation with GFL regarding the coming contract year with GFL for municipal waste collection services. As a result of a declining national cost-of-living changes in recent months, we requested and reached agreement with GFL that the annual rate be adjusted by 3.5% rather than the earlier much higher percentage adjustment GFL has informally requested. This adjustment will be effective October 1, 2023 through September 30, 2024.

Therefore, it is recommended that we continue the city's contract with GFL.
